

Facebook will close out our Fall Lobby Day calendar next Thursday, November 18th. For one of their morning sessions they would like to conduct a 'Crush Your Coding' Workshop. Since we continue to receive feedback that our students could use coding practice in timed environments I'm hoping you all will sanction and support this 60 minute workshop.

Need your input. Does anyone have a class next Thursday at 10 or 11am? If so would you be willing to allow that class/those classes to attend FB sessions? If not I probably will say no to the Sessions (not the entire day) as FB has secured Developers to conduct the sessions and we cannot have a poor showing .Your call. Just need to hear from you.

Here's the breakdown of the day:

TIME	EVENT	LOCATION	NOTES
10:00 AM	OPENING SESSION OR CODING WORKSHOP	ROOM 226	WILL MOVE TO LARGER VENUE IF ATTENDANCE WARRANTS
11:00 AM	CODING WORKSHOP OR OPENING SESSION	ROOM 226	WILL MOVE TO LARGER VENUE IF ATTENDANCE WARRANTS
12:00 PM	FIRESIDE CHAT	TBD
